HOAGLAND'S
NEW PATENT SHAFT COUPLING!
W. E. COOPER
HAS PURCHASED THE RIGHT FOR THIS County of the above Patent, and will hereafter use it in the construction of all the Vehicles manufactured at his extensive
Carriage Factory,
Corner of Second and Morrison Streets.
He respectfully refers to the following
CARD.
Having examined the New Patent Shaft Coupling, invented by H. R. Hoagland, we feel pleasure in informing the public that in our opinion it is the safest and best method of connecting shafts or tongues to all vehicles that has ever been used
It fastens without bolt or screw, and is therefore, easily and speedily separated. It rests on Gutta Percha so as to be entirely free from the rattling sound which so often disturbs restless horses. It is easily changed so that the shafts or tongue may be detached in an instant, and is convenient, safe and secure
It is easy to change to this style of coupling any buggy or other vehicle now in use, and with small expense We have come to the conclusion to use this new invention ourselves and recommend its use in all cases We consider it far superior to the Brewster Patent, heretofore considered the best in use

[DISPATCHES TO THE OREGONIAN

DATES TO JULY 7.

The Virginia Election.

WASHINGTON, July 7.—A dispatch sent this morning by the Chairman of the Walker State Executive Committee at Richmond to President Grant is as follows:

"*To the President*: On behalf of the State Executive Committee of the Walker party, I congratulate you upon the triumph of your policy in Virginia. The gratitude of the people for your liberality is greatly enlivened by the overwhelming majority by which that policy prevails.

(Signed) R. T. DANIELS.

Walker's majority in the State is estimated by additional returns this morning at 40,000. Both branches of the Legislature are undoubtedly carried by the Walker men. The Legislative returns upset the calculations of the Wells men based on the vote by color. Some of the blackest counties have given large majorities for Walker.

Treasury Matters.

Secretary Boutwell to day appointed General F. E. Spinner custodian of the sinking fund and such as may be bought, subject to future action of Congress, with the instruction that they must be charged to the account of registered bonds, and books opened which at all times must show the true condition of the fund. He is also instructed to open an interest account with the sinking fund and credit it with all interest due or bonds bought on account of the sinking fund subject to the future action of Congress, to purchase new bonds with such interest to be added to the sinking fund.

Washington News.

The President accompanies his family next week, to Long Branch. Occasionally during the summer he will be absent from the city but never over two weeks at a time.

The question of administering the iron clad oath to members of the Virginia Legislature has not yet been committed to the Attorney General. The President is waiting the receipt of correspondence which is called for by Gen. Canby's letter declaring this oath necessary.

It is quite certain that Sickles has not been instructed to negotiate for the purchase of Cuba.

The Assistant Treasurer at New York has decided to purchase three million dollars in U. S. bonds per day to be held subject to the future action of Congress. The currency balance in the treasury has been reduced about six million dollars since the 1st of July, by the withdrawal of the necessary amount to purchase three million in bonds and $25,000,000 for the use of the army.

Legacy to Dartmouth College.

BOSTON, July 7.—Richard Fletcher, lately deceased, left a residuary legacy to Dartmouth College, estimated at $100,000, to be invested as a permanent fund, the income at the discretion of the Trustees. He also leaves $5,000 to the Baptist Publication Society.

Indian Disturbances.

ST. LOUIS, July 7.—A Salt Lake dispatch of the 6th says advices from South Pass state that the Indians appeared at Hamilton yesterday, and drove off forty horses. A Government train, en route for Wind River valley, was attacked on Sunday. Troops were sent to their relief from the railroad.

OMAHA, July 7.—The *Dispatch* has advices from Gen. Carr's expedition on the Republican river. The troops so far have been unable to bring the Indians to a stand, though they have had several skirmishes.

The project of bringing ocean steamers from New York to St. Louis is abandoned for the present, the terms not meeting the views of merchants here.

Canadian News.

MONTREAL, July 7.—Letters from Jeff. Davis, at Paris, render it doubtful if his health will ever permit him to return.

The Government is about to attempt a system of artificial propagation of salmon and other fish in the maritime provinces.

QUEBEC, July 7.—Sir John Young, and suite, have arrived, and had an enthusiastic reception. The Parliament house has been fitted up for a grand ball and dinner.

Pennsylvania Registry Law.

PHILADELPHIA, July 6.—The Supreme Court has declared the registry law in this city constitutional. It was declared unconstitutional by the Twenty Second District Court.

Boston Dispatch

BOSTON, July 7.—N. P. Banks sails to morrow for Europe. The Harvard international crew sail on Saturday.

Later from the Virginia Election.

RICHMOND, July 7.—Dispatches thus far show that Walker has carried the State by about 40,000, and the Legislature by forty one on joint ballot. The following Walker candidates are certainly elected to Congress: McKenzie, in the Seventh District; Milne, in the Sixth; Gibson, in the Eighth; Ridgeway, in the Sixth, and Segar at larger. The following Wells Congressmen are elected: Platte, in the Second District; Porter in the Second, and Norton (colored) in the First.

College Society at Columbus

COLUMBUS, July 7.—The National Convention of Beta Theta Pri Literary Fraternity is in session here. Nearly all the leading colleges and universities in the country are represented. Gen Robert W. Smith, of Chicago, is President. The proceedings are secret, but an open session will be held to-morrow, when the oration, poem and banquet will be given. Chicago will probably be chosen as the next place of meeting.

New York News.

NEW YORK, July 7.—The Board of Health to day declared Havana and Matanzas infected ports. This subjects vessels therefrom to quarantine examination.

Gen. Gardenia continued to make fresh informations to day. He had a narrow escape from summary treatment after adjournment of the court, from a large crowd of Cubans and sympathizers. Marshal Barlow was compelled to smuggle him out of the building by a rear door well guarded.

The Troy Unions, of Lansingburg, defeated the Mutuals of New York in a game of base ball to-day—12 to 20

Dr. Fair, of this city, was yesterday fined $1,000 and costs, by the U. S. District Court at Trenton, for using a cancelled revenue stamp on a deed.

BOSTON, July 7.—The State constabulary have commenced the seizure of lager beer and liquors

Ohio Democratic Convention.

COLUMBUS, July 7.—The Democratic State Convention met to-day at 10 A. M. It nominated General Rosecrans for Governor, on the second ballot, T. G. Godfrey for Lieut Governor, W. J. Gilmore for Supreme Judge, Stephen Banner for State Treasurer, Col. J. M. Cornell for Attorney General, James Churchill for Superintendent of Public Works. The resolutions denounce the exemption of Government bonds from taxation as unjust and say it ought not to be tolerated nor any appropriation for the payment of interest on the public bonds until they are made subject to taxation, denounce the proposed payment of the bonds in gold as unjust and extortionate, and say it must force on the people the question of repudiation, denounce a high protective tariff as discriminating in favor of New England, as unfair and oppressive to the people of the world; demand a tariff based on revenue principles alone, and upon the closest principle of approximation to free trade, declare in favor of a limited number of hours of labor, of liberal laws in regard to household and homestead exemptions from sale and execution, and liberal grants of land from the public domain to actual settlers, endorse the action of the late General Assembly, which they thank for its economical expenditures; denounce the 15th amendment policy, and the legislation of the Radicals as tending to destroy the reserved rights of the States and to convert the Republic into a consolidated despotism, denounce the national banking system as one of the outgrowths of a bonded debt system; condemn the trial and sentence to death of citizens by military commission, and invite all conservative citizens to unite in securing the Government from the unworthy hands into which it has fallen.

Cuban Affairs.

HAVANA, July 7.—Captain General De Roda has issued an important proclamation. He states that the insurrection is reduced in extent and is now carried on by parties of guerrillas, and declares that those parties arrested for robbery, arson and murder shall be tried by court martial. While in other cases the civil tribunals shall continue to exercise their functions, he declares the accused may rely on impartial justice. The journals all praise the proclamation. An order has been issued permitting the newspapers to publish the official news reports. This action of the Government is generally commended by the citizens. General Luca has taken command of the Central Department and commenced active operations against the insurgents.

New Orleans Dispatch

NEW ORLEANS, July 7.—A large quantity of seized sugar in the hands of Conniere & Co. is claimed by a Havana firm. Conniere & Co. have suspended. Besides this sugar belonging to the firm, there are are large quantities of molasses and liquor under surveillance. Heavy orders for more than can be filled are received here from France for wheat.

BY ATLANTIC CABLE.

BREST, July 7.—Dispatches from the *Great Eastern* are up to Tuesday noon. She had run 1,520 knots and paid out 1,790 knots of cable. There was a heavy gale on Monday night, but it was finally weathered. The signals are good.

PARIS, July 7.—The *Patrie* denies that Ministerial changes are imminent. *La France* denies the story of contemplated evacuation of Rome by the French troops.

MADRID, July 7.—The ministerial crisis is over. Zenobia is appointed Minister of Justice; Moret, Minister of Public Works, and Cressona, Minister for the Colonies.

LONDON, July 7.—The London *Daily News* says the Irish Church bill will leave the House of Lords with a very different character from that in which it entered and be much less acceptable to the country. It will be quite impossible for the Commons to accept the amendments made by the Peers, and it will be their duty to restore the bill to its original form. The Lords have done their best to spoil the measure. The Commons must transform the deformed.

The *Times* commenting on last night's debates, says that the last act of the House of Lords have completed the transformation of the Ministerial scheme. They have refused by a majority of 70 to approve the clause appropriating the surplus funds of the Church. They have preferred to reserve the question for future consideration. Argyle condemned the vote as an attempt to reverse the vote by which the Duke of Cleveland's amendment, proposing concurrent endowment, was rejected. Although we agree with the Marquis of Salisbury that the Lords can scarcely have the provision for the residence of Catholic priests at heart, we must acknowledge the justice of the Duke of Argyle's general conclusion that the vote unquestionably reverses in spirit, if not in form, the decision against the Duke of Cumberland's scheme. The *Times* believes the country ready and willing to support the grant of ecclesiastic residences to the Catholics and Presbyterians and if the opportunity to make it is rejected it will be because the governing power is unable to rise above the words of party and dare not look openly and courageously at the truth.

The telegraph purchase bill now before the House of Commons, proposes to raise seven million pounds in bonds, to purchase the lines and make the service a monopoly, commencing its existence Jan. 1, 1870.

MUNICH, July 7.—Prime Minister Prince Hohlintoh has issued a circular to foreign powers on the continent, warning Governments of the principal dangers they ought to guard against and particularizes a decision which the Council may announce in regard to the infallibility of the Pope and the disposition it may make of the question of Church property and other points likely to come up essentially of a political nature. He believes all the States having Catholic subjects are intimately concerned in the proceedings of the Council and ought to take a common attitude. He suggests that it might be well for the Powers to hold a conference and not leave the Council in doubt of their position as regards its decision.

How the Bank of California Tried to Corral the Congressional Committee

The following extracts from a letter written to George Francis Train by a gentleman of San Francisco, who was recently employed as reporter on the *Chronicle* newspaper of that city, curiously illustrate the servile submission and utter debasement of San Francisco journalism, and show, moreover, the manner in which the money jobbers of that city attempt by a narrow and illiberal policy to control every interest of the Pacific slope. As a brief history of the manner in which the Bank of California tried to corral the Congressional Committee of Ways and Means, this letter is interesting:

SAN FRANCISCO, June 30th, 1869.

George Francis Train, Esq.:

DEAR SIR: I have taken the liberty to inform you that I have severed my connection with the *Chronicle*. I told you that they would not allow me to report your Chinese speech, and that I should leave them in consequence. My departure was expedited by a piece of meanness that leaves no room to doubt that they were "seen" by *Ralston*.

You remember my introducing you to some of the Chinese merchants, and telling you that I had made arrangements to introduce them to the Congressional Committee. Ralston got wind of my intention, and thinking that I might acquire some influence among the Committee should I work this problem successfully, he took the job out of my hands, and instead of having the meeting at the Cosmopolitan Hotel, he fixed it to come off at Chy Lung's, a leading Chinese merchant, on Sacramento street. Understanding the ruse, I obtained a letter of introduction from Fung Tang (whose speech you have probably seen in the papers). As this was written in Chinese when I presented it, I was treated with "distinguished consideration" and placed in the highest seat at the banquet, whereat Ralston "got his back up," and beckoning that he wished to speak with me, led me into an outer room, where he told me that he did not want any reporters present, as it was a private party given by the Chinese to the Congressional Committee. I denied this, and told him that the meeting was public and had been managed by myself for the purpose of letting the rabble here understand that the Committee of the National Council took an interest in the subject. I also told him that I did not appear there as a newspaper reporter, but as an invited guest of the Chinese, that I expected and demanded to be treated as a gentleman, and that I intended to report the proceedings and held myself responsible for my actions. As you may well imagine, Ralston got mad, as it is so seldom that he is contradicted. I did report the meeting, and furnished slips of the Chinaman's speech to all the other papers. I being the only newspaper man present, to get even with me, Ralston stooped to the meanness of telling the reporters of the *Alta*, *Call* and *Times* that I had been threatened with arrest if I did not leave the room—which these papers published greedily—as if, had the story been true, it was a crime for a reporter to exhibit zeal in obtaining legitimate and interesting news. When I saw the reports published I asked permission to contradict them either in the local or editorial department of the *Chronicle*, or in a card over my own signature, but De Young informed me that Mr. Ralston was a very influential man and he could not afford to offend him. I replied then, "I can't afford to disgrace myself by working for a sheet that wears Ralston's collar," and left there and then. * * * I am in hopes to have a paper of my own a going by the time you come back.

I am to have an interview with Hooper and Kelly, of the Congressional Committee, this evening, as they are instructed to see me, by the Secretary of the Treasury, about the matters that gentleman was going to appoint me a commissioner to examine. If I get the opportunity, I will hit Ralston where he has a soft place, and as I hope, do something towards liberating the Pacific States and Territories from the *grasp of the Bank of California which, under the cloak of a metallic currency, is draining all the gold out of the country, for the benefit of England.*

New Orleans, since the war, has been one of the most prosperous cities in the Union. She has built fully 5,000 houses, and is adding ten per cent. a year to her population.

THE WEST.

The citizens of Walla Walla are moving in the matter of obtaining a steam fire engine.

The Walla Walla *Union* hears from all quarters up the Columbia reports of the prospective fall ure of the crops.

Families continue to come across the plains with ox teams. Several wagons left Omaha in June for the Pacific slope.

There was placed in the corner stone of a public building at Shermantown, Nevada, recently, a specimen of ore from the Eberhardt mine, worth at the rate of $24,000 per ton. This is the richest yet heard of.

Two men, C. B. Lutherson and George Smith were struck by lightning, and Lutherson was killed at Treasure Hill, Nevada, June 23d. On the 22d, two Chinamen were struck and killed near Pine Grove, Plumas county, Cal.

The Tuolumne county (Cal.) Democratic Convention, held lately in Sonora, was composed of 61 delegates; 21 of whom withdrew. If the Union men are lively, now, they will achieve a great victory in the county, at the fall election.

Says the Owyhee *Tidal Wave*: Wells, Fargo & Co. shipped, during the month of June, from their office in Silver City, $96,320, coin; equal to $128,426 currency. We know of shipments by private hands amounting to several thousands that will swell the coin value perhaps to $110,000.

W. M. Hayne, of Sacramento, who has a large number of silk worms, lost 500,000 in one night. He attempted to hatch them by artificial heat, and to economize the heat by running steam pipes through the building. In the night creosote was produced by condensation and the worms were poisoned.

An Owyhee paper says: Private letters from the valley of the Payette, Weiser and Burnt river, give pictures of desolation, caused by the visitation of grasshoppers, in those localities that are perfectly discouraging to every hope in all that region. The lower portion of Boise is also said to be infested more or less by the plague but not to so great an extent.

The door-keeper at Piper's Opera House, says the Gold Hill *News*, desires us to notify all persons bringing children in arms, or which are liable to disturb the audience, that they will have to leave those aforesaid infants in the side room, next to the box office. All babies will be properly checked or tagged, in order to prevent mixture or embarrassing mistakes. All unclaimed babies left after the performance is over will be sent to Carrie's auction store.

Says the San Francisco *Bulletin*: The *Call* states, in substance, that the *Bulletin* advocates an independent ticket in order to secure the ratification by this State of the Fifteenth Amendment. This is a great mistake, for it is of no practical importance whether California goes for or against the amendment. It was admitted by Representative Axtell, a few days since, that the amendment would be ratified without the vote of the State.

The following from a San Francisco paper is a specimen of what occurs in that city every day: About 2 A. M. to-day, a Chinaman was [illegible] along Waverly Place, was [illegible] by a white man, who knocked him down and robbed him. The cries of the Chinaman attracted the attention of officer English, who hastened to the spot and saw a man running away. He gave chase and saw the fellow throw something out of his hand. Finally the fugitive dodged and doubled on his track, and meeting English asked him who he was looking for. The officer replied "for you," and arrested him. The Chinaman can recognise him, but as no white man saw the robbery, and he cannot, under ruling of Judge Provines gives testimony in the case, the ruffian will escape this time unwhipped of justice. This is one of the beauties of the Democratic system of caste and race distinctions which excludes the Chinese from the proper protection of our Court.

S. SHERLOCK & CO.
53

Alas! I have walked through life
Too heedless where I trod;
Nor heeding to trample on my fellow worm,
Amid the haste of God.
But grieving that even the sparrow falls
Not unmarked of God.

The wound I might have healed—
The human sorrow and smart;
And yet it never was in my soul
To play so ill a part;
But evil is wrought by want of thought
As well as want of heart.—*Hood*

Prof. A. J. Anderson

The services of this gentleman, who has long been known as one of the most accomplished teachers in Illinois, have been secured for the Academy at Forest Grove, in this State. He will arrive in Oregon in a few days. We republish from a Bloomington (Ill.) educational monthly for June, the following account of him:

Illinois loses, this month, one of her best workers in the educational field, A. J. Anderson, of Lexington. He has been in this State so long and has been so fully identified with its educational interests that we are glad of an opportunity of giving a sketch of the work he has done.

When the subject of this sketch was six years old, his mother came to Lockport, in this State, and has since made that her residence. When he was but sixteen years old, although she was very poor, she gave her consent to his entering Knox College, at Galesburg, which he did with $51 in pocket. It was thus early in life that the hard struggle began, especially hard and laborious for one who is compelled to earn the money which must be had to meet the necessary expenses. This he did in part by entering one of the printing offices of the town, and working two hours each school day, and the whole of each Saturday. This, however, did not suffice, and he left the school to teach. So well was his work in college done that of the four terms he taught, during his college course, two of them were in his own town of Lockport. He finished the course and graduated from Knox College in June, 1856.

After graduating, his first year's teaching was in the public school at Lisbon, Kendall county. He then organized a private school at Lexington, McLean county, and carried it on successfully for years. His success here induced the trustees of Fowler Institute, of Newark, Kendall county, to elect him Principal of their Academy. He entered upon his work with his usual determination to succeed. The Academy had so run down that his first term opened with eleven pupils. He remained here six years, and left only at the urgent solicitation of the Board of Directors of the public schools of Lexington. He made Fowler Institute a success, financially, and left it in excellent repute among the people. His two years' principalship of the public schools of Lexington have but confirmed the good opinion of him, which the people formed during his previous labor among them.

And now at the close of his thirteen years' service he has loosened the ties which have bound him, and set his face westward.

His success may be easily accounted for. He has attended every Teachers' Institute in his county since he came to it. He has been a regular attendant of the meetings of the State Teachers' Association, and Principal of the Normal Teachers' Institute. He has been a constant reader of two or three of our best educational periodicals, and has always been willing to spend a dollar to secure books which would aid him in the improvement of his school.

We are thus particular to specify, for we know that they show he has had is due to himself alone, and has been fairly earned.

He goes to Oregon as Principal of the preparatory department of the University at Forest Grove in the valley of the Willamette, near Portland. Our best wishes go with him.

FACTS WORTH KNOWING!

IF YOU WANT TO BUY A FARM YOU EXAMINE the soil, the lay, the locality, the title and the price.

If you want to insure your life examine the workings of the Company before you invest.

If you examine you will

INSURE IN THE NEW ENGLAND MUTUAL LIFE INSURANCE COMPANY!

WHY?

BECAUSE you get your first DIVIDEND to HELP PAY YOUR SECOND PREMIUM. You do not have to wait 3 or 4 years for the distributions.

BECAUSE we have NO STOCKHOLDERS to draw from 12 to 25 per cent on imaginary CAPITAL STOCK (personal promises to pay) amounting from $30,000 to $50,000 annually.

Because the NEW ENGLAND is a Mutual and is a Home Company in all our broad and beautiful country; an American Institution—the first one formed on the PURELY MUTUAL plan on this Continent.

BESIDES it is the only Company offering you the protection of the Massachusetts Law.

For example: A person aged 35, insures for $1,000, pays $26 50, say on the 1st July, 1869. Were he to die on the 4th July, 1871, 2 years and 3 days after, his policy would be paid. Thus:

Say amount Policy is	$1,000 00
Deduct two annual payments he has not paid, $26 50 each, and interest	54 62
The family would receive	945 38

No Stop Judas at here. This is what we call EQUITABLE and MUTUAL.

Five annual payments keep the Policy in force 10 years and 56 days.

Policies on which Note has been given for one-third of the Premiums.

Five payments will continue in force nearly five years after payments have ceased.

On ENDOWMENT POLICY the time is prolonged in proportion to the amount paid.

Take the statements of no solicitor for other Companies of our benificent workings, but call and satisfy yourselves. We will be pleased at all time to communicate every information.

THE New England Mutual

Is the only Company on this Coast that offers the above advantages to Policy-Holders.

The above examples are facts that are incontrovertible, and will be proven to the satisfaction of all persons calling on our agents.

Important Facts!!!

THE CAPITAL STOCK

—OF—

THE PACIFIC MUTUAL LIFE INSURANCE CO.,

OF CALIFORNIA,

IS PAID IN, IN GOLD COIN!!

—AND—

Cost Nothing to be INSURED!

This is Additional Security, Without Cost to the Insured, that the Capital Stock bears its own Interest!

THE PUBLIC CAN ACQUAINT ITSELF WITH the business reputation and standing of the Stockholders and Directors of the Company, and determine from that knowledge whether the affairs of the Company are likely to be honestly and fairly administered for the benefit of the Insured.

POLICIES ISSUED BY THE

PACIFIC MUTUAL

ARE NON-FORFEITABLE,

And by the Laws of California,

EXEMPT FROM EXECUTION!

The Company will at any time make AN ADVANCE of Cash on its Policies as future Dividends.

No permits or extra rates required for traveling East or in Europe.

Dividends actually non-forfeitable.

Thirty days grace on the payment of all Premiums.

After two annual payments the Company will, two years after the last payment, issue either a paid up Policy for the proportion of Premiums received, or pay the equivalent in cash.

The rate at which we have been sending money East for Life Assurance will amount, with interest, to at least Ten Million Dollars by Jan. 1st, 1870. This sum, enormous as it seems, is [illegible] by the magnitude of the interest which the Coast is losing for want of it. For example: Its yield in the East at 6 per cent. coupon, if annually for ten years, is $6,000,000 for ten cents, compounded [illegible] $13,000,000; a difference of over $7,000,000.

With these facts in view what Company will likely pay the largest DIVIDENDS? The FUNDS of the PACIFIC are all loaned at 1 to 2½ per cent. per month.

Of this large sum it is supposed that Oregon and Washington Territory have contributed about one-fourth. This involves the sending away annually, to keep up the Premiums on Policies already issued, at least six or seven hundred thousand dollars, which if continued will soon drain the State of all its cash. If to California, it finds its way back here for our productions, a market for which we must look for there.

The applicant need not wait two or three months to know if he is accepted or rejected, but can receive his Policy in less than two weeks, and in case of death the money will be paid to his wife in as short a time.

The Officers are:

LELAND STANFORD, President;
H. F. HASTINGS, Vice President;

SUMMONS.—IN THE CIRCUIT COURT OF THE State of Oregon, for the county of Multnomah, as. Bridget Winn, plaintiff, vs John Winn, defendant.—To John Winn, defendant: In the name of the State of Oregon, you are hereby required to appear and answer the complaint filed against you in the above entitled action, within ten days from the date of the service of this summons upon you, if served within this county, or if served in any other county of this State, then within twenty days from the date of the service of the summons upon you; and you are hereby required to appear and answer the complaint herein filed against you by the first day of the term following the expiration of the time (six or six weeks) prescribed in the order for publication of this summons, and if you fail to answer on the second Monday of November, 1869 the plaintiff will apply to the Court for a decree of divorce from the bonds of matrimony now existing between Plaintiff and Defendant, and for such other and further relief as is prayed for in the complaint.

By order of Hon. W. W. Upton, Judge of said Court, made at Chambers on the 28th day of May, A. D. 1869

O. P. MASON, Att'y for Pl'ff.

Proposals for the Hire of Machinery.

SEALED PROPOSALS WILL BE RECEIVED UNtil 2 o'clock P. M. July 8th, 1869, at the office of the undersigned, for the hire per day of a Steam Pile Driver on the site of the new Custom House, for the driving of 750 Piles, more or less. The weight of the hammer to be from 1,700 to 2,500 lbs.

The bids will include engine, engineer to run the engine, the furnishing of fuel, and water-gin on rollers, and all the necessary gear and machinery required for the working of the machine. The repairs to be made by the contractor without cost to the Government. Only days actually employed in work will be paid for, and fractions of days will be computed into days

The machine to be ready to commence work by the 1st of August, 1869. Payment will be made monthly, in coin, upon the certificate of the Superintendent

All bids must be accompanied by the bond of two responsible persons in the sum of $2,000, that the bidder will accept and perform the contract if awarded to him; the bond to be approved by the U. S. District Judge or the Collector of the port

The Department reserves the right to reject any and all bids if it be deemed for the interest of the Government to do so, and any bid that does not conform in every respect to the requirements of this advertisement will not be considered

Proposals should be enclosed in a sealed envelope and endorsed "Proposals for the hire of machinery," and addressed to the Superintendent

Bidders are invited to be present at the opening of their bids.

Proposals for Cement, Lime and Sand.

SEALED PROPOSALS WILL BE RECEIVED AT the Office of the Superintendent of Construction of the U. S. Custom House at Portland, Oregon, until 12 o'clock M., on the 8th day of July, 1869, for furnishing and delivering 450 barrels of hydraulic Cement, each barrel to weigh at least 300 pounds, 300 barrels of Lime, to weigh at least 240 pounds, each; 165 yards clean sharp building Sand. All to be delivered on the site of the building in such quantities and at such times as may be directed. Proposals will be made by the barrel for Cement and Lime, and by the yard for Sand, and will include all freight, hauling, etc. 10 per cent. of all payments will be retained until completion of contracts. Payment in U. S. Currency. The delivery of materials to begin immediately on signing the contracts. The Department reserves the right to reject any or all proposals.

All bids must be accompanied by a bond of two responsible persons in the sum of $2,000 as security that the bidder will accept and perform the contract if awarded to him, the sufficiency of the security to be certified to by the U. S. District Judge.

Proposals should be endorsed "Proposals for Cement, Lime and Sand," and addressed to E. ST JOHN, Supt U. S. Custom House and Post-Office Portland, Oregon

HYGEIAN HOME

WATER CURE,

637 California Street,

Opp. St. Mary's Cathedral, bet. Kearny & Dupont Sts.,

SAN FRANCISCO

DR. BARLOW J. SMITH

WOULD RESPECTFULLY INFORM HIS FORMER patrons, and all who desire the professional services of a Hygienic Physician, that he has just returned from the East, after an absence of four months, during which time he has visited nearly all the Water Cures in the Eastern States, and the various Hygienic Establishments of New York City, Boston and Philadelphia; and with this new experience feels more fully prepared than ever to meet all the demands that invalids may justly claim who desire to be cured by this rational form of medication.

In January last DR. SMITH purchased the extensive lot corner of Quincy and California streets, with the buildings thereon, which he has fitted up at great expense, for the accommodation of PATIENTS and BOARDERS, with a greater variety of baths for the cure of DISEASE as well as popular bathing than is to be found in any Water Cure in the United States.

HYGEIAN HOME is the only Regular Water Cure in San Francisco, and by far the most extensive and complete Hygienic Institute on the Pacific Coast.

And we offer to Ministers, Teachers, Lawyers, Miners, Merchants, Mechanics, Farmers, and all worthy persons, especially those who have tried drugs faithfully without being restored, and who are still desirous of regaining health by this rational system of medicine, the hospitalities of our Hygienic Home and Cure. Young men who have become debilitated or lost their health by excessive toil, exposure or enervating habits, contracted through ignorance of physical laws, may with us find more of the encouragement they need, and means that will restore them to health, than elsewhere in California.

There is not one man in twenty suffering from Rheumatism, Neuralgia, Gout, or Diseased Liver, Chills and Fever, Dyspepsia, Drug or Secondary Diseases, Spermatorrhœa or Seminal Weakness, Impotency or Nervous Debility, Weak or Inflamed Eyes, Bronchitis and Catarrhal Affections, Disease of the Heart, Lungs, Kidneys, Constipation, Paralysis, Scrofula, Piles, Inflammation of the Bowels, Chronic and Acute Diarrhœa, Stiff Joints, Oak Poisoning, Weak Backs, Hip Disease, Salt Rheum and many other Diseases common to Men and Women, that cannot be permanently cured in from two to six weeks by Water Cure and Hygienic treatment. Not only will they get cured, but they can learn how to keep well when they go to their mountain homes, their mines, their farms, their stores, and all this for one-half what it would cost to take drugs.

Terms $20, by the single week, or $60 for four weeks, Board, Room and Treatment (in all ordinary cases)

N. B.—All suffering from cutaneous diseases are treated in separate baths, which are never used by persons bathing for cleanliness. The greatest care and neatness is observed in this respect. No contagious diseases, such as Small Pox and Ship Fever, treated in the Institution.

We have a separate Medical Department for Ladies, which is attended by a thoroughly competent woman, while the private residence of DR. SMITH, which is connected with the Home, is chiefly devoted to the accommodation of ladies desiring Hygienic medical treatment.

We have for the past ten years made the treatment of female diseases a specialty, and have treated a great number of females, both in the Institute and in their private residences in this city, Sacramento and Oakland, who were suffering from Displacements, Prolapsus Uteri, Uterine Hemorrhage, Sterility, Curvatures of the Spine, Inflammations, Congestions, and ALL NERVOUS DISEASES, together with diseases common to all.

The ease and rapidity with which the varied diseases and conditions above mentioned have been overcome, especially in the vicinity of the Bay, fully warrant us in declaring that there is not one female in a hundred who is thus afflicted but that can be made well and happy in from three to six weeks by thorough Hydropathic and Hygienic treatment at our Cure. From all who have come to us and been treated, we have yet to learn a single regret from Husband or Wife of the time, means or trouble they expended in HYGIENIC MEDICATION, for they not only get well, but learn how to keep well.

Terms for Ladies, $20 a week, or $100 for six weeks (Board, Room and treatment)

DR. SMITH gives FREE Lectures to his patients every Wednesday evening, and also Lectures before the Ladies' Hygienic Society the first Wednesday in each month.

COMMON COUNCIL.—The Common Council of the city of Portland met on Wednesday evening, July 7, 1869, his Honor Mayor Goldsmith presiding

Present—Councilmen Besser, Bills, Breck, Cree, Lewis, Porter and Ripley.

Journal of the last meeting read. Councilman Besser objected to some of the standing Committees appointed by the Mayor at the last meeting.

Councilman Moffet appeared and took his seat.

PETITIONS, MEMORIALS, ETC.

Petition of S. D. Smith for use of portion of street for building purposes, read and prayer thereof granted.

The following petition of H. L. Hoyt, ex-City Marshal, was read, and on motion was referred to the Committee on Judiciary

To the Hon. Mayor and Common Council of the city of Portland: The undersigned, your petitioner, would respectfully represent that in the month of July, 1867, he was and had been for upward of three years previous, Marshal of this city, holding his office by virtue of having been duly elected thereto in the manner provideded by law. By section 8 of the city charter it was his duty to hold said office until his successor was elected and qualified; and moreover he was under a penal bond in the sum of $5,000 for the faithful performance of said duties.

That while in possession of and performing the duties of that office, he was summoned to appear at the Circuit Court of this Judicial District, to answer to the claim of A. Rosenheim, then a member of the Common Council of this city, who desired to serve this community in the double capacity of Councilman and Marshal.

Your petitioner immediately took the legal steps necessary to meet and arrest this aggression on the rights of this community, and the issue was tried before the Hon. Judge Shattuck, who decided adversely to the claim of Mr. Rosenheim; the case was then appealed by him to the Supreme Court of the State, which also decided Mr. Rosenheim ineligible to the office of Marshal of Portland.

Your petitioner would further represent that in meeting this issue squarely and fearlessly, he thinks has done not only a public duty, but this community a special service, and also he was assured that he had the sympathy, and was but carrying out the wishes of a very large majority of the people of this city, irrespective of party, and believes the result has saved our city, not only from a severe moral affliction incident to the designs of unscrupulous demagogues, but also from an indefinite amount of present and future litigation in the courts, consequent upon the acts of an illegally elected officer.

To contest this important case and carry it through the different courts, necessarily involved a considerable expenditure of money; it cost your petitioner the exact sum of $268 00 coin, which amount, for the reasons above stated, he now asks your Honorable body to refund to him.

Your petitioner believes this claim to be founded upon the principles of right and justice—this city received a benefit in having its honor sustained and its laws legally executed; your petitioner paid the cost—and hoped you will give it a fair and just consideration. Similar claims have been paid before by the Council, and you will not have to go far back in the records to find "precedents."

And your petitioner, &c., H. L. HOYT.

Petition of E. Hoyt, to be further reimbursed for damages to real estate caused by extension of Oak street, read and referred to Committee on Streets and Public Property.

REPORTS OF STANDING COMMITTEES.

Committee on Accounts and Current Expenses reported the quarterly report of the City Treasurer as correct. Report adopted, and Treasurer's report ordered published.

Committee on Fire and Water reported in favor of putting new floor in the engine house of Company No. 1. Report read and adopted.

Committee on Streets and Public Property reported adversely to the petition of the Sisters of the Holy Name of Jesus and Mary. Report [illegible]

Committee on Accounts and Current Expenses reported the bill of the City Surveyor and assistants correct, and recommended payment. Report adopted and warrants ordered drawn.

Committee on Streets and Public Property reported favorably on petition for the improvement of Taylor street. Report adopted.

Committee on Judiciary reported adversely to the petition of W. F. Trimble to be reimbursed for services in codifying ordinances. Report adopted.

Councilman Hopkins appeared and took his seat.

REPORTS OF OFFICERS.

The Marshal asked that the special policemen appointed on the 5th of July be allowed the sum of $5 each. Referred to Committee on Health and Police.

The City Attorney reported a list of the cases now pending in which the city is a party. Report accepted and placed on file.

CLAIMS AGAINST THE CITY.

The following bills were paid: Vesey & Co., $14; J. B. Congle, $5 75; P. D. & H. Co., 50 cents; E. Campion, 50 cents; P. Hogan, 50 cents. Himes & Daly, $7; Estes & Stimson, $205.

Bill of C. A. Stewart, $173, paid less $15.

ORDINANCES.

An ordinance making an appropriation out of the general fund for advertising, read a first and second time and laid over under the rule.

An ordinance establishing the grade of Second street from Harrison to Lincoln street, read a first and second time.

Ordinance authorizing the purchase of the North half of lot 4 in block 9, re-referred to the Committee on Fire and Water.

Councilman Lewis moved that the Mayor be authorized to employ associate counsel to act with the City Attorney in the suits now pending, in which the city is interested. Amended by authorizing the Committee on Judiciary to act with the Mayor and adopted as amended.

Resolution authorizing the Auditor to give notice of proposed improvement of Taylor street, adopted.

A resolution was adopted appointing S. G. Reed, Jacob Stitsel, and Wm. McMillen viewers of proposed extension of certain streets.

Resolution directing the City Surveyor to survey certain streets proposed to be extended.

On motion, adjourned.

CIRCUIT COURT—UPTON, JUDGE.—The following are the proceedings of Tuesday and Wednesday:

Elizabeth Arrigoni vs J. P. O. Lowndale, et al; decree for quieting title to plaintiff to lots 1, 2, 7 and 8, in block 249, city of Portland.

W. T. Coleman et al vs R. H. Walker—motion to strike out part of answer; sustained in part.

Mary L. Helvor vs Wm Thompson—demurred to answer overruled: plaintiff allowed until the 23d inst to reply.

W. C. Whitson vs O. C. R. R. Company, time for answer extended to the 9th inst

Sarah J. Meagher vs Joseph J. Meagher—order for allowance to plaintiff of $20 in coin per month.

Chas. Haenstein vs Wm O. Bruin—motion for judgment on pleading overruled.

M. L. McCall vs S. G. Elliott—motion to discharge attachment confessed by plaintiff, and attachment ordered discharged.

W. W. Shelton vs S. G. Elliott—motion to discharge attachment confessed by plaintiff, and attachment ordered discharged.

E. Groves vs School District No. 6—judgment for plaintiff $120 on verdict of the jury

Wm. O. Bruen vs Tidd & Wyman—motion to strike out part of reply sustained, and defendants allowed to answer.

Thomas Atkinson vs B. Trainor—motion to strike out part of reply sustained

John Cotton, Assignee, vs J. J. Allen—motion to strike out part of objection, taken under advisement

Mirra B. Woodard vs H. H. Woodard—order for publication of summons.

R. Hamilton vs Multnomah county—verdict of jury, $75 for plaintiff

Martin Maley vs John Dooley submitted to the jury

FROM WALLA WALLA.—We clip the subjoined items from the *Statesman* of the 2d inst. Previous to going below Judge Wyche appointed R. P. Reynolds to the position of Deputy Clerk. Mr R will hold until the arrival of the new District Judge, and possibly will be continued in the office.

Our farmers are just now in the busiest of their harvest time, and from all of them we hear the most discouraging accounts as to the crops. Some of them tell us that they will have scarce half a crop, and others say that their crops will scarcely pay the cost of harvesting. Our advices are that the failure of crops extends to the whole country east of the mountains.

The *Union* of the same date says: At the regular semi-annual election of officers of Enterprise Lodge, No 2, I. O. O. F., Dr C. M. Steinberger was elected N. G., P. B. Johnson, V. G., O. Sturm, R. S. and J. F. Abbott, Treasurer.

A. M. Stark was arrested on Thursday last, for drawing a pistol on William Rose, during a slight altercation. J. J. Ingraham was on the same day sent to jail by Judge Wyche, in default of $300 bail, on an arrest for resisting an officer.

PETITIONS.—Last evening a petition was presented by Mr. H. L. Hoyt, to the City Council, asking that the expenditures in contesting the right to the office of Marshal set up by A. Rosenheim, in July 1867, be refunded to him. The conclusion of the petition refers to a "recent case" which will serve as a "precedent" for the payment of the claim. Mr. Hoyt, no doubt, means the case of Mr. Lappeus, to whom was refunded his fine and costs, in a case where he was defendant—the Wyman-Lappeus assault case.

OUR COASTING TRADE, ETC.—At our solicitation, Mr Hinman, Collector of Customs for the district of Oregon has kindly furnished us with the following statistics of our coasting and foreign trade during the fiscal year which ended June 30 [illegible]:

Coasting trade departures, 250 vessels with an aggregate tonnage of 165,401 tons. Foreign trade in American vessels, departures 58 tonnage 21,113 tons. Foreign trade, in foreign vessels departures 2 tonnage 1,215 tons. Total departures 315 total tonnage 187,729 tons. Imports from foreign ports on which duties were paid $521 [illegible]. Exports to foreign ports during same time $486 [illegible]. It will thus be seen that there was an excess on our favor of $34 270 and that our imports of the exports to American ports. A very considerable part of our breadstuffs sent to San Francisco, have gone thence to foreign ports.

IN SEARCH.—The Astoria has the following report. Several teams loaded with pleasure seekers left the city yesterday morning for the ocean beach at Salmon river.

Deputy sheriff Baker arrived yesterday morning on the stage, with Orlando Hodgwell in his custody, who he had arrested on Pass Creek, south of Eugene City. Hodgwell was indicted at the March term of the Circuit Court for committing a rape, near Aurora, on the person of a young girl aged 12 years.

There are a large number of Indians about the city, and the company is daily increasing. They get whisky somewhere, go off and get gloriously drunk. They are stealing too, and we know not to what extent they will go. Now we don't know where the property belongs, but do let some one take care of them, and see that they get to the reservation.

ANOTHER REDUCTION IN OVERLAND FARES.—The O. S. N. Co have again reduced the price of through tickets to the Railroad, and to all intermediate points. They propose now to put passengers through, by Columbia river boats and Hailey stages at the following rates in coin: To La Grande, $20; to Uniontown, $18; to Baker City $37; to Willow Creek, $45; to Boise City, $60; to Union Pacific Railroad at Indian Creek station, $72. The railroad fare from this station to New York, is $128 15 in currency. Total from Portland to New York, in coin, $196 83. Time to the railroad is now six days; the trip to New York can be made in 10 days. The boats connecting through with the stages, will leave this city on Mondays, Wednesdays and Fridays.

MANIFEST OF BARK WHITTIER.—The following is a list of consignees per bark *Whittier*. Smith & Davis, 151 packages; Hungren & Shindler, 106; John McCraken, 3; C B M & Co., Astoria, 633; Corbitt & Macleay, 818; Hodge, Calef & Co, 113; C H & Co, 50; P C & Co, Astoria, 4; C & Co, Springville, 12; F H F, 174; E J N & Co, 172; no mark, 58, H U & Co, 80; triangle 8, 695; E B & Co, 13, J, diamond S & Co, 29; John R Foster, 7; H D P, 160; H C & Co, 25; triangle S & D, 15, K, B & Co, 6 separators, diamond S 30 packages; E S & Co, 2; J P F, 4; W C 30; M J & Co, 5, no mark, 500 bbls lime; J & Co, triangle 8, 69 packages; A & L, 240; C R M, 1338; M & B, 48; V & Co, 20 kegs powder, H H Co, 1 package furniture.

PASSENGERS FOR SAN FRANCISCO.—The steamship *Pacific*, Metzger, commander, sailed at seven o'clock last evening for San Francisco, taking the following named passengers: Frank F. Dickinson, L. L. Dj. Solomon Strong, H N Hastings, C W Claus, F W King, T Patterson, M K Landen, Chas Hodge, wife and children; J S Walker, H W Rappleye, Miss McIntyre, Miss Ltes Landers, Mrs. L. Lycan and child, N F Leslie, John J Harris, J W Felt, Fred Wilson, J R Lake, J Bustrom, Harry Wolff, James Hartley, H L Stone, O T Finlayson, Capt E F Fletcher, J Rainbow, J W Jeffress, T I Cottle, Richard Landers, F Kelscher, Mrs M Hochgurth, Capt Roxby, Miss Octavia Mercier, O Craig and wife, and A P Miller.

AT THE DOCK.—The business aspect at the steamship dock, yesterday, was decidedly lively. The *Pacific* was taking in cargo for San Francisco, the *Telfair* and *Wright* were loading for Victoria and Puget Sound, the barks *Whittier* and *Almatia* were discharging cargo, while the brig *North Star*, unable to find room along side, lay at anchor in the stream. The *Fidelity*, also, lay alongside. On the wharf there was an unusual bustle among shippers, freight clerks, draymen, longshoremen and others concerned in receiving and sending off freight.

MONEY GIVEN AWAY.—The other evening, George Francis Train said in the course of his lecture, that he intended to donate a large proportion of the proceeds of his lectures here, to Miss Anthony, editress of the *Revolution*—woman's rights organ. It is stated that before leaving here, he purchased a draft from Ladd & Tilton, in favor of Miss Anthony, for the entire amount received here, over and above expenses.

VELOCIPEDE SCHOOL.—Mr. Lawrence, late of San Francisco, has opened a velocipede school in the Washington Guards' Armory. He has ten or a dozen of the "untamed steeds" of all sizes, suited to long or short legs. Quite a number of our towns people were yesterday exercising themselves, under Mr. Lawrence's directions. The admission is free to all, and the charge for lessons is very reasonable.

COMING.—A telegram has been received in this city from Hon. Wm. D. Kelly, of Philadelphia, one of the Committee of Ways and Means, stating that the Committee will leave San Francisco for Portland to-day on the steamer *Oriflamme*. They should be received with courtesy and liberality by our citizens. Their visit here may result in much good to our state.

DEPUTY MARSHAL.—In consequence of some business arrangements, Mr. Jas. Lotan, recently appointed Deputy Marshal, has resigned, and Marshal Saunders has appointed in his stead, Mr. W. P. Blake. Mr. Blake has heretofore had some experience as a police officer, and will prove, as then, efficient.

CITY SURVEYOR.—Mr. H. J. Stephenson, the City Surveyor, has established his office at No. 12 in Carter's building—up stairs—where he will be found by those desiring his services. He has secured the services of competent assistants, and will be able to do all the work that may be called for.

HARVESTING BEGUN.—We learn that many of the farmers in Washington and Yamhill counties have begun to cut their winter sown wheat, and hay. The *Universal* says: "We hear of several farmers in the hills who will commence cutting wheat next week."

TRAIN'S PRIVATE SECRETARY ARRIVED.—Geo P. Bemis, private Secretary to George Francis Train, arrived at this city Tuesday evening, overland, seven days from New York to San Francisco, and six days from San Francisco to Portland.

POST OFFICE.—Mr Wakefield was engaged last evening in removing the post office to the new brick building corner Alder and First streets. The office will not, in consequence of the removal, be open till 9 o'clock this morning.

ARRIVED.—The steamer *U S Grant* arrived last evening from Astoria. She reports that one of the vessels expected from China had arrived off the bar, and yesterday morning was coming into the Columbia river.

FOR VICTORIA AND PUGET SOUND.—The steamers *Telfair* and *Wright* will sail this evening for Victoria and Puget Sound.

THE NEXT STEAMER.—The steamship *Oriflamme* will sail at 10 o'clock this morning, for Portland

LADIES—Clarke, Henderson & Cook received, per steamer *Pacific*, a few more of those beautiful Organdie Lawns, also, white Marseilles and Piques.

EVERY DAY, at No. 107 Front street, one door above McCormick's, you can see KANE'S CONDENSED SOAP wash *without rubbing*.

ONE HUNDRED DOLLARS REWARD.—A chance to make one hundred dollars. We notice that W. C. Avery, the celebrated trance speaker and rope tier, will give one of his wonderful exhibitions of power to tie and untie himself. He ties himself in such a way that he gives any one the sum of *one hundred dollars* who will untie him. He performs without the aid of spirits.

Performance on Tuesday night, July 6th, at Oro Fino Theater. Doors open at 7½ o'clock; performance at 8½ o'clock. Front seats reserved for ladies. Admission, 50 cents, reserved seats, 75 cents

THE DAY fixed to commence work on the East Side Railroad is July 1st. By that time the Company will have sufficient Railroad Iron on the way or in Portland to complete twenty miles of road. Workmen without employment should be patient for the Company will give employment to a thousand men, at good wages, and of course KOHN & FISHEL will continue to sell the very best clothing in that time at remarkably low figures.

That "Train" passing through our city has indeed created an excitement. He claims to be on his way to the *White* house. Irishmen claim him as their Patriot. Englishmen *don't* claim him at all, and Kohn & Fishel claim to have the largest, best and finest stock of clothing and Gents Furnishing Goods in the city, and undoubtedly can give sufficient proof that they are selling lower than any other house in Oregon

"LIFE SAVINGS AND LOAN BANK."—The people of the city patronize the OREGON DISPENSARY in order to save money and procure a loan of longer life by using our FRESH, PURE and RELIABLE remedies, which are daily dispensed and preferred by the MOST RESPECTABLE and TALENTED PHYSICIANS in this city. Every body takes a pull in patronizing our Store and thereby obtain DIVIDENDS by purchasing not only their medicines but also their toilet articles and other wares, too numerous to mention. People say it is a pleasure to get sick and be cured at the Oregon Dispensary

LORYEA & KALLENBERG,
73 First street, Portland.

NOTICE.

NATIONAL

LIFE INSURANCE COMPANY,

OF THE

UNITED STATES OF AMERICA,

Washington, D. C.

CHARTERED BY SPECIAL ACT OF CONGRESS!

APPROVED JULY 25, 1868.

CASH CAPITAL,

$1,000,000.

OFFICERS:

CLARENCE H. CLARK, Philadelphia, President
JAY COOKE, Chairman Finance & Executive Committee.
HENRY D. COOKE, Washington, Vice President.
EMERSON W. PEET, Philadelphia, Secretary & Actuary.
E. S. TURNER, Washington, Assistant Secretary.
FRANCIS G. SMITH, M. D., Medical Director.
J. EWING MEARS, M. D., Assistant Medical Director.

THE ATTENTION OF PERSONS CONTEMPLATing Insuring their lives, or increasing the amount of insurance they already have, is called to the special advantages offered by the NATIONAL LIFE INSURANCE COMPANY.

NO MONEY SENT OUT OF THE STATE.

ALL PREMIUMS RECEIVED INVESTED IN THE STATE.

THE ADVANTAGES OFFERED ARE:

It is a National Company, chartered by special Act of Congress, 1868.
It has a Paid-up Capital of $1,000,000.
It offers Low Rates of Premium
It furnishes Larger Insurance than other Companies for the same money.
It is Definite and Certain in its Terms.
It is a Home Company in every locality.
Its Policies are Exempt from Attachment.
There are no Unnecessary Restrictions in the Policies.
Every Policy is Non-forfeitable.
Policies may be taken which Pay to the Insured their Full Amount and Return all the Premiums so that the Insurance costs Only the Interest on the Annual Payments.
Policies may be taken that will Pay to the Insured, after a certain number of years, During Life, an Annual Income of One-Tenth the amount named in the Policy.
No Extra Rate is charged for Risks upon the Lives of Females.
Insures Not to Pay Dividends, but at so low a cost that dividends will be impossible.

Its Policies are Negotiable.

By the Charter of the Company, certificates of obligations will be issued, agreeing to purchase its Policies at their value which, when accompanied by the Policy duly assigned or transferred, are negotiable, and may be used as collateral security, in making loans from the Company or from other parties.

The Hon. Jno. E. Sandford, Insurance Commissioner of Massachusetts, in his Report for 1868, speaking of Dividends in Life Insurance Companies, says: "The sooner such guarantees cease to be made, and such expectations created, the sooner Life Insurance will come to rest on its true motive; and men insure their lives for security, and not for dividends. The best and most popular companies will then be those that promise only equity, and render all that they promise, and furnish the best security, with the most upright and judicious management."

"By the Stock plan, the full cash effect of the Premium is immediately secured to the Insured, the Company taking ALL the risk. By the Mutual plan, the full value in Insurance of the Premium paid, is not secured to the Policy-holder, who takes a portion of the risk himself."

POLICIES ISSUED IN GOLD OR CURRENCY.

THURSDAY MORNING JULY 8, 1869.

Free Trade—Practical Illustrations.

The *Herald* is discussing at some length the doctrines of free trade, but it wanders and scatters too much to make any clean and distinctive points. In such discussions as these it is well to keep in view some definite propositions or ideas as a basis for argument, otherwise a writer is likely to follow the fashions of Gratiano, who, in his speeches uttered "an infinite deal of nothing." Here are a couple of propositions which touch the root of this matter and comprise all that it is necessary to urge before the people of Oregon to form a competent opinion on the subject

1. If the tariffs are abolished and free trade established, how is the country to obtain revenue to carry on the Government, and especially, how is money to be raised to pay the interest on the national debt?

2. If the doctrine of free trade is adopted how can the manufactories of Oregon, which are barely able to run against foreign competition, continue in operation?

On the first of these propositions it may be remarked with absolute certainty that without a tariff on foreign goods the country cannot raise a revenue equal to its needs. Our system of direct taxation is already pushed nearly to its utmost limits. Many of our people, especially the Democrats—are already restive under it. If the tariff is abolished we shall be compelled to rely for a revenue wholly upon internal taxes. About two-thirds of our present revenue is afforded by the tariff and the other third by direct taxation. Can any one suppose that the people would endure for a single year to have the direct taxes trebled, as it would be necessary to do were the tariffs abolished? The country neither would nor could sustain such a system. It would be absolutely impossible to raise money to pay the interest on the national debt; and as for paying the debt itself, that would never be thought of. When the country was burdened with debt it derived its whole revenue from the tariffs and never thought seriously of establishing free trade; and to propose free trade now is only another way of proposing repudiation.

As to the second proposition—what would be the effect of free trade on the manufactures and labor of Oregon? Prior to the rebellion we had one woolen factory in this State. The tariffs were lower than now, and this factory maintained a sickly existence and no one ventured to build a rival establishment. But when the war got to raging it became necessary to increase the tariff for the purposes of revenue, and woolen factories at once began to spring up in every quarter of the State. The Salem establishment was enlarged to double its former capacity, and the factories at Oregon City, Brownsville, Ellensdale, Dallas and Jacksonville were erected. A similar thing was witnessed in every Western State. The high tariffs of war times stimulated manufactures, built up the industry of country and compelled to a great extent for the drains and losses of the war. This it was which kept the productive energy of the nation at work and prevented bankruptcy and ruin.

Take another illustration. For three years we have been trying the experiment of manufacturing iron in Oregon. The tariff on this article is nine dollars per ton; but in spite of our best efforts we have so far found ourselves undersold in San Francisco by dealers in foreign iron. It may be that with better preparation than we have yet had we may be able to manufacture iron here at such rates as will leave a small profit for the investment; but this depends entirely on the continuance of the tariff. If the duty of nine dollars per ton is removed, then foreign iron will take the place of our markets and we shall be forever unable to smelt a ton of native ore. Our own laborers will have no employment, while our money will go to foreign countries to pay laborers there. If free trade is adopted the manufactories we now have in Oregon will stop and others will never be started. Oregon is a State which affords preeminent facilities for manufacturing, and no State in the Union has a deeper interest in maintaining a policy which develops manufacturing industry.

Most of the *Herald's* discussions consist of severe remarks on New England for favoring protective tariffs. Now the strength of the protective doctrine is not in New England, but in Pennsylvania and the "Great West." New England is swinging round to free trade theories. The reason of this is found in the fact that she sees that the West and South under the protective system are certain at no distant day to do their own manufacturing. Factories of every description are rapidly going up in all the Southern States. New England cannot manufacture for that section so largely as of old. Therefore New England is beginning to advocate free trade, while the South is beginning to favor a tariff. The strength of the protective system will hereafter be in the West and South, and New England will be for free trade as she was in early times.

In General.

A Florida paper says that a man from the depths of the everglades lately made his appearance in town, bringing a couple of negroes to sell. He didn't know there had been any way. What a capital fellow to edit a democratic newspaper in Oregon—say the press, at Salem, or the *Guard*, at Eugene!

Counting Iowa and Vermont, which are certain to ratify the Fifteenth Amendment, there are twenty-five States for the Amendment, with Rhode Island, Ohio, Virginia, Mississippi, Georgia and Texas to supply the remaining three necessary to secure adoption the prospect is most favorable, indeed the amendment is already virtually secured.

The progress which the *Great Eastern* is making in laying the French and American ocean cable gives reason to suppose that the undertaking will be an entirely successful one. The *Great Eastern* was once a very unlucky and blundering concern, and people wondered what she was fit for. She now seems to be fit for laying ocean telegraph cables, on account of her great stowage and superior steadiness on the water.

Eastern journals say that the coming political campaign in Pennsylvania and Ohio promises to be spiritless and uninteresting. Political feeling in both parties is down almost to zero. It is said that for many years such a feeling of languor and indifference has not been witnessed in those States. The Democrats seem to have little hope, and the Republicans seem disposed to rest content for the present with what has been achieved.

Thomas Mahony, one of the bricklayers employed at the Washington Navy Yard and expelled at the Bricklayer's Union because he refused to stop work when the colored workmen were employed, has recently retorted upon the union with a letter, in which he has decidedly the best of the argument. He reminds those who voted for his expulsion that numbers of them worked with colored bricklayers without complaint when the latter were slaves, the money they earned going into their masters' pockets.

A correspondent writes from South Carolina that it is nothing unusual in that State "to see a Court in session where former slaves sit side by side with their former owners; on the jury, where white men are tried by a mixed jury, where colored lawyers plead, and where white and colored officers maintain order. But this is done at every Court, and justice is not overwhelmed." If the South Carolina chivalry can thus accept the situation, the Northern Democracy might as well cease its warfare against its old enemy, the "nigger."

The politicians at the East have taken advantage of Train's absence on the Pacific slope to get out a candidate for President in 1872. This sort of thing won't do. Train will probably hasten back and put things to rights—unless he gets into another British Bastile over in Victoria, in which event there is no telling what the result will be upon his plans for going to the White House. But if he goes back to the East at once, his presence will at once overawe, intimidate and scatter the politicians who are caballing against him just as the sudden appearance of Richard Cœur de Lion in England from the Holy Land put down the caitiff barons who were endeavoring in his absence to undermine him and place another on his throne

THE WEST.

The Emersly mine at White Pine, has been sold to parties in the East for $80,000.

The distance laid down in the schedule from Boise to Indian Creek is 240 miles, time 40 hours.

Col Roots, Congressmen from Arkansas, is in California, and will visit Oregon, returning home by way of Idaho.

The Marysville (Cal.) *Appeal* says that there are immense piles of railroad ties lying near that city, and we are told the quantity is sufficient to build a hundred miles of the California and Oregon Railroad.

The Montana Republican Convention have nominated James Tufts for Delegate to Congress. The Helena *Herald* says the nomination will, doubtless, give general satisfaction to the people of the Territory, and there can be no question regarding his election.

The San Diego (Cal.) *Union* says that several persons have arrived in that county from the Hawaiian Islands, and intend to commence the cultivation of sugar, coffee, tobacco and the bananna. A thousand cuttings of sugar cane and a number of bananna plants have arrived.

A circular has been issued to the friends of the San Francisco Mercantile Library Association, by the President of that body, Mr. Swain, stating in the plainest language, that it will be necessary to raise a sum which ought not to be less than $75,000 in order to save that institution from dissolution.

The remains of John Anderson, who had been missing from Boise City since January last, were found in Boise valley on the 27th June. His clothing, money and papers were untouched, hence it is supposed that he was drowned while attempting to cross Boise river when the stream was full.

A San Francisco paper says: "The supply of railroad iron received in this city does not appear to be sufficient to supply the demand. Joseph Young, who recently visited this city, endeavored to procure iron for the Utah Railroad, but was unable to make any arrangement to that effect. All the material that arrives is at once appropriated in the construction of California roads.

A Victoria paper says: The two Barclay Sound Indian convicts will shortly be conveyed to the place where they committed their crime and there hanged by the neck. Will nosteps be taken for ascertaining how many more of the tribe were concerned in these murders? If a whole ship's crew can be murdered and robbed for the price of two scalps, we may expect to hear more of this work, in which the Indians get such fearful odds.

The Democracy of Eldorado county, Cal., have held their Convention and strange as it may appear, say not one word in their resolutions about the Chinese! They welcomed to their county lately a colony of Japanese—male and female—sent a delegation to San Francisco to meet them—took them from the railroad in special conveyances and would not let them go to the public hotels but took them to their private houses and feted them in gorgeous style.

Says the San Francisco *Times*: The fruit dealers of this city have issued a circular to fruit growers and dealers throughout the State, asking them to meet for consultation in San Francisco, on Wednesday, July 7th, at 11 A. M., at the rooms of Wakelee & Co., 601 California street. The object of the meeting is to have an interchange of opinion and concert of action in case they deem it advisable to send fruit to the Eastern market by the Pacific Railroad.

GENERAL NEWS ITEMS.

It is reported from Iowa that Mrs. Bloomer has gone back on the principles by again donning petticoats.

Freight on tea is two cents a pound the old way and thirteen via the Pacific Railroad, from China to New York.

Upwards of three hundred thousand dollars were expended in making the Peace Jubilee the success it was.

The honorary degree of LL. D. was conferred upon Vice-President Colfax by Hillsdale College, Michigan, at its late Commencement.

The discussions of the Protestant Episcopal Conference in Chicago must have taken a wide range, judging from the demand made by a Dr Bowen, who insisted that "the miserable dogma of Apostolic Succession" should be left out of the Book of Common Prayer.

The crops of every variety in Texas are in a most promising condition, trade is reviving, and the people seem sanguine in regard to political reconstruction, even on the Congressional basis. In every part of the State increased industry among the freedmen is announced.

The number of men organized in the trade unions of New York city alone amounts to 60,000, and they have a bank account of $58,126 69. The average increase of wages since 1860, for all trades represented in the unions, is 70 per cent the least increase being 60 per cent., the greatest 84.

English emigration continues to pour through Liverpool. It is remarked that not only are the majority of the English outgoing passengers in apparently comfortable circumstances, but that a very large number of them are skilled workmen and mechanics, going to the United States under contract for employment in various foundries, cotton mills, etc

Parson Brownlow has come out in favor of removing the disfranchisement of the ex rebels in Tennessee. If he had the power, he says, he would disfranchise the leaders for life, but since he has not, he thinks it best to allow all to vote. Senter, the candidate whom Brownlow supports, also favors enfranchisement, but Stokes, the rival candidate, has not yet come round to that platform, and will consequently poll a majority of the vote of East Tennessee, where the rebel atrocities are still keenly remembered.

An exchange says: "Ex President Johnson recently visited the Howard Female College at Gallatin, Tennessee, made an hour's speech to the pupils, and then shook hands with and kissed them. In the course of his remarks, he said that if he had enjoyed as good education and advantages in early life as they were having, he should have passed his life as a schoolmaster, and not as a public man." All of which shows how much the United States suffered from the ignorance of one man.

By Overland Telegraph.

SPECIAL DES TO THE OREGONIAN

DATES TO JULY 7.

The Virginia Election

Richmond, July 6—The election passed off quietly. After nightfall the streets resounded with cheers for Walker and victory. A meeting of Walker men was addressed by six colored men and several whites, including Hunnicutt and prominent Walker men. They claim the State by 10,000, securing a large majority in the Legislature. Prominent Walker men claim a large majority in the State, but give no figures. Nearly every telegram shows a large gain for Walker and sets up splits in the colored vote, which was counted on the case for Wells. The heaviest lete to him in the colored vote from Wells was in the south side counties where the Walker men run several colored for the Legislature. In Culpepper, a very strong colored county, 100 blacks voted for Walker. Telegrams up to midnight announce that Walker carried the following counties: Bedford 100 majority, Augusta, 200, Albemarle, 100, Culpepper, 200, Washington, Petersburg 1,200, Greenville 300 and Chesterfield, Nottaway, Charlotte and Halifax.

Porter, a Wells man, is elected to Congress in this district. Booker, a Walker man, in the Spotsylvania District. Norton, a colored man in the York District and McKenzie in the Alexandria District. The blacks polled the full registered vote in a very few counties, while the whites everywhere polled nearly their entire strength. In this Legislature District the Walker men claim 3,000 majority, giving them eleven members. The old politicians think that Gov. Wells' defeat is the most decided that has occurred since the Presidential vote of 1856. The Constitution, with the objectionable clauses expunged, is adopted by an overwhelming majority.

Richmond, July 7—Forty three counties heard from give Walker about 1,000 majority.

Irish Republican Convention.

Chicago, July 7—The Irish National Republican Convention was in session for two days and adjourned *sine die* last night, having adopted a declaration of principles. The attendance was quite small, but the proceedings were generally harmonious. The platform of principles adopted pledges the full support of the Irish Republicans to the adoption of the Fifteenth Amendment. Also declaring that the right of suffrage should be extended to all citizens of the Republic, without regard to sex, race or previous condition. 3d, Loyalty to the American Republic is the first political duty of the Irish citizens of this country. 3d, It is a duty we owe to ourselves and the oppressed people of the earth to spread the principles of freedom. 4th, Asks for the oppressed people of Ireland and Cuba, and for the downtrodden people of all countries and lands the sympathy and support of the people and Government of the United States. 5th, Protests against the presence of armed despotisms in Europe or on this continent, and pledge their hearty co operation for any plan for their removal. 6th, Tenders thanks to Senators Sumner and Chandler for their positions on the *Alabama* claims and declare their readiness to stand by the Government in insisting on ample apology for the wrongs committed and reparation of losses. 7th, Pronounces against free trade and in favor of protection. 8th, Encourages Irish immigrants to cultivate the soil instead of congregating in the large cities. 9th, Pledges President Grant a cordial and earnest support. Subsequent resolutions ask Congress to pass a general law allowing foreigners to become citizens after one year's residence, and restricting the States from placing any impediment to the speedy naturalization of such persons. The resolution in favor of female suffrage elicited a warm debate and was carried. Michael Scanlon was chosen President of the Executive Committee which meets to day.

President Making.

Chicago, July 7.—The *Republican* special from Washington says a strong movement is on foot to make Secretary Boutwell the next President. It is generally believed that President Grant has turned over the whole of the Government into his Cabinet and has no further interest in what is going on. His influence in his Cabinet is daily becoming less, while its power over him is daily becoming stronger. If Grant is now a candidate for re election he very soon will not be one. His influence and his friends will fall quietly and gently upon Boutwell, whose wise, statesmanlike administration of the Treasury has given satisfaction to all the solid and moneyed men of the country. Boutwell has taken time by the forelock and rendered success more than certain. His friends are confident that with his active, keen, wise and untiring officials located on every few miles square throughout the country, with full power to arrange and control the Presidential nominating Convention, nothing but some unlooked for disaster can prevent his becoming the next President. Boutwell's friends are elated at the indifference of General Grant and the certainty of having his powerful co operation.

It is understood that the Cabinet considered the Cuban question in session yesterday. It is believed to have unanimously agreed that the attitude of our relations with England requires the observance of strict neutrality. But it is also believed that the members of the Cabinet are equally unanimous in their desire to aid the Cubans, but consider that it is impossible to do so without compromising our claims against England.

The *World* urges Spain to sell Cuba to the Cubans, the United States to be responsible for the payment, taking the Cuban Customs dues as security.

Terrible Accident—Mississippi Politics.

Chicago, July 7.—At Elgin, Illinois, on Monday, while the iron bridge over Fox river was crowded with people witnessing a boat race, the bridge suddenly broke down, precipitating hundreds of men, women and children into the water. About a dozen are seriously injured and two are not expected to live.

The Mississippi Republicans have tendered the nomination for Governor of that State to General Lewis Dent, the President's brother in law, who it is understood has accepted the nomination and will immediately proceed to Mississippi to make an active canvass.

Fire at Downieville, Cal

Downieville, July 7.—The Downieville foundry was burned last night at half past ten o'clock. Nothing saved. Loss about $20,000, insured for $8,000 mostly in the Pacific company. Supposed to have been the work of an incendiary, as the owners say there had been no fire for several days about the pattern room, where the fire was first discovered. It is a great loss to the mining interests in this vicinity.

BY ATLANTIC CABLE.

London, July 6.—There is an unusual depression in the cotton market in Lancashire. Several firms have suspended.

Dispatches from Cork state that outrages by the Fenian organization still continue. The police near Cork were attacked night before last by concealed ruffians and several were badly hurt. Some arrests were made, yesterday, on suspicion.

The Cork Common Council, yesterday, passed a resolution calling on the Government to release the Fenian prisoners.

A monster meeting was held yesterday, with resolutions and speeches against Sullivan's resolution touching the release of the Fenians, in the House of Commons.

The *Times*, to day, has an editorial on the subject of the anniversary of American Independence. The writer says the Americans now feel that they can speak of themselves and of their neighbors in a calm and dignified tone without boasting of the old time. We may expect that most of the old acrimony will vanish. The American people ought to be in a friendly spirit after their monster peace festival. Such a prodigious demonstration in favor of peace, such a condemnation of strife, ought to have a softening effect on the most strenuous asserter of the *Alabama* claims.

Up to Sunday noon the *Great Eastern* had made 1,261 knots from Brest, and had out 1,420 knots of cable.

The Fourth was celebrated in the principal cities of Europe. At Vienna a banquet was given to the United States Legation. Secretary Hay presided, and in toasting the health of the Emperor of Austria referred to a dispatch sent by Secretary Seward to Motley in 1862, in which a tribute was paid to the dignity in deration and justice which marked the policy of Austria at the beginning of the rebellion in America, and, added Hay, the same continued to characterize the conduct of the Austrian Government throughout the war. Minister Jay gave the health of Baron Beust, at Stuttgart. Two hundred Americans and their friends sat down to dinner. Hermann presided. Toasts were drunk to the Independence of America, to President Grant, Congress, etc

The House of Lords last night resumed the consideration of the Irish Church bill. Lord Lifford was afraid of the amendment granting the value of their lands to Presbyterians. After discussion it was withdrawn. The Archbishop of Canterbury moved an amendment to clause 29, that private endowments made since 1660, instead of 1660, be retained by the Church. He pointed out largeendowments which were made prior to 1660 and said there was no reason why they should not be dealt with in the same manner as those made after. He thought the discrimination unjust and dangerous. It would shake the faith of the people in private endowments. Lord Harrowby opposed the amendment on the ground that private endowments made prior to 1660 were illegal. In reference to the Ulster grant he said it was in no sense at present an endowment. Bishop Peters supported the amendment, arguing that neither on the ground of justice or legal right ought the Church to be deprived of those real endowments. Earl Granville proposed to grant a half million sterling instead, as the difficulty of establishing the legality of early endowments would absorb the whole value in litigation. Finally the Archbishop of Canterbury moved the amendment that all Government lands granted by the Crown since 1660 be given to the new church, in a body. After a long discussion a division was had and the amendment was carried by 105 to 97. Clauses 30 and 32 inclusive were agreed to. Clause 31 was taken up. Earl Limerick moved an amendment providing that the poor rates be deducted from any rent charge sold in lieu of tithes. The Marquis of Salisbury remarked that this clause was an "arithmetical puzzle" and was evidently intended as a sop to the Irish landlords, but the bill was the most penurious and exacting measure ever devised. The House divided on the Marquis of Limerick's amendment, which was adopted by 91 to 81. Clause 31 as amended, and clauses 34 to 38 inclusive, were agreed to.

The trial of Overend Gurney and others has been postponed until December.

Madrid, July 6. Conflicts have taken place at Seville between the troops and revolutionists. The latter have been dispersed and the city is comparatively quiet though the excitement is intense.

A number of torpedoes were found among the coal at the gas works at Esparitu.

There were a large number of Republican demonstrations throughout Catalonia yesterday and the day before.

Ferrara was shot twice and has since been appointed Minister of Justice and resigned.

Lisbon, July 6.—Advices from Rio Janeiro of June 16th says war news is unimportant.

Minister McMahon is at Buenos Ayres and will sail for Rio at once.

Brest, July 6.—Advices from the *Great Eastern* are to half past ten on Monday evening. Signals good, weather fine and all well. Later dispatches from the *Great Eastern* dated 10 A. M., announce the arrival of the expedition in American waters.

OUR SAN FRANCISCO DISPATCH.

San Francisco, July 7.—It has been ascertained that three Chinamen in the employ of the Pacific Wood Preserving Co. were burned to death in the factory yesterday. They were in the building at the time of the conflagration, and have not been seen since. Another Chinaman employed there had his leg broken by the door of a furnace falling on him.

Peter Dolan was arrested last evening for an unprovoked assault upon a Chinaman.

Complaint was entered and warrant issued to-night for the arrest of a local police officer for chasing a Chinaman on Front street this morning, knocking him down and beating him senseless with his club.

Mr. O'Neil was arrested to-day for assault and battery with a cobble stone, on James Keenan, in a saloon on the corner of Jackson and Kearney streets, at one o'clock last night. Keenan's head was frightfully cut by the cobble.

Geo. Bramstone, an Englishman, for twelve years in the employ of Catting & Co. on Main street, has been missing since Sunday, when he was seen on Meigs' wharf. Suspicions of foul play are entertained.

Col. Coey, who has received the commission of Postmaster of this city, is expected to take possession August first.

Hon. Silas A. Hudson, Minister to Guatamala, arrived in this city last evening, overland.

George C. Gorham, Secretary of the United States Senate, arrived in this city last evening and is stopping at the Lick House.

The old Democratic County Convention met last evening and turned all business over to the new Convention.

The Hale & Norcross Mining company have declared a dividend of $5 per share for June; aggregating $40,000, payable on the 10th inst.

The Sierra Nevada Mining company yesterday declared their second monthly dividend of $2 50 per share, amounting to $7,500, payable on Saturday.

Shipping.

Arrived, July 6th—ship *Star of Hope*, 131 days from New York.

July 7th—No arrivals or departures to day.

The sailing of the steamer *Active* for Victoria has been deferred until Monday next.

The steamer *Orellanme* will sail for Portland at 10 o'clock.

NEVADA.

Virginia, July 7.—A shaft was broken at the Gould & Curry hoisting works this morning, which will cause a suspension of work in that mine for ten days or thereabouts.

One hundred and thirty miners are now at work in the Yellow Jacket 800 and 900 foot levels, turning out 80 tons of ore daily.

It is thought the fire is out in the Crown Point mine, and the drifts will be opened next week and an inspection had of the burnt district.

WM. R. SEWALL and J. B. SPRENGER

Take this method of notifying their friends, the traveling public, that they have disposed of their interest in the Western Hotel, and hereafter will continue to manage the COSMOPOLITAN, which in the future as in the past, will always maintain its reputation as the BEST and only FIRST CLASS Hotel in the city.

SEWALL & SPRENGER, Proprietors.

Portland, July 1, 1869. dtf
